
Contextual Information

The Higher Education Achievement Report (HEAR) is prepared and authorised by Cardiff University to provide a record of a student's achievement during their time in Higher Education.

The purpose of the document is to provide sufficient recognition of qualifications such as diplomas, degrees and certificates. It is designed to provide a description of the nature, level, context and status of the studies that were pursued and successfully completed by the individual named on the original qualifications to which this document is appended.

This Higher Education Achievement Report incorporates the model developed by the European Commission, Council of Europe and UNESCO/CEPES. Cardiff University only produces Higher Education Achievement Reports in electronic format. Only reports accessed via <https://verify.cardiff.ac.uk> can be considered valid and verified.
