Anniversary Celebrations

Friday 20 September 2024
Parkgate Hotel, Cardiff

Join alumni and staff, both past and present, to celebrate 60 years of undergraduate education and 50 years of our MScD in Orthodontics programme at the School of Dentistry.

Brian Cooke Memorial Lecture Day

This professional development day features parallel lecture programmes, with inspiring guest speakers who will explore a little history, the current status and latest advances across Dentistry.

One programme will delve into the latest advancements and topics in Orthodontics, whilst the other will take you on a journey through the evolution of other topic areas, and explore what the future could hold for patients, education and the profession.

You will be free to move between both programmes, which will each amount to **five hours of CPD**.

An evening of celebration

In the evening you're invited to attend a drinks reception and three-course gala dinner, where we will celebrate our 50th and 60th milestones, and the achievements of our incredible community of alumni and staff.

Your photographs and memories

During the evening celebrations, we'd love to take a trip down memory lane by displaying photos of your time at Cardiff on digital screens.

Please share digital copies of your photos with us by emailing robertsc8@cardiff.ac.uk.

Support the best and brightest minds

Students are at the heart of Cardiff University, but financial challenges can prevent the best and brightest minds from accessing the education and opportunities they deserve.

By making a donation to the Brian Cooke Memorial Fund, you're giving the next generation of Cardiff dental students and alumni the foundation to flourish.

You can make a donation **via our website**. Where it says 'Tell us how you would like us to use your gift', please select 'Other' and add 'Brian Cooke Memorial Fund' to the comment box.
